It's a safe and efficient way to eliminate high heating bills and heat your entire home. Did you know that harvesting wood responsibly also benefits the environment?

PRESERVES WILDLIFE HABITAT

Harvesting wood has a pruning effect on forests – planting new trees ensures wildlife will have a healthy habitat.

SOIL AND WATER QUALITY

Reforestation reduces erosion risks and protects watersheds that are a source of the water we drink and use.

REDUCES FOREST FIRES

By harvesting old and dead trees that can easily burn, it can significantly reduce the risks of costly wildfires.

There is no easier, more efficient way to heat with wood than with a Central Boiler outdoor wood furnace!
